The Cathedral Steps at the top of Trafalgar Street is the ideal place to begin a walking tour of our inner city **Art + Crafts** studios and galleries. To visit them all in one day could be a little overwhelming – you may prefer to take in this tour over a couple of days...

Head east along Selwyn Place. At the first intersection is **1 | Atelier**. From here walk to Trafalgar Square West on the other side of the Cathedral. Here you will find **2 | Jens Hansen** and **3 | Flamedaisy**. Pop around the corner passing the Rutherford Hotel into Nile Street West to **4 | Mockingbird Studio**.

Return to Selwyn Place and wander down Church Street [opposite Jens Hansen] to Hardy Street. Turn left to **5 | Refinery ArtSpace** then cross the street to **6 | Origin on Hardy**. Head east on Hardy Street to **7 | Cruellas** then cross Trafalgar Street and **8 | Louise Douglas** is a few metres from the corner. Keep walking up Hardy Street until you come to **9 | Craig Potton**.

Return to Trafalgar Street. Head north until the Bridge Street intersection. Cross Trafalgar Street and head west along Bridge Street, 100 metres on your left is **10 | Jewel Beetle**. Continue along Bridge Street and cross the road to **11 | Red Gallery**. Cut along Haven Road [the little laneway behind the Nelson Mail] into Wakatu Square where you will find **12 | Quiet Dog Gallery**. Opposite in the same carpark is **13 | Parker Gallery** where you will find **14 | Michelle Bellamy** exhibiting her paintings. You can also find prints of her work at Red Gallery and The Suter Art Gallery.

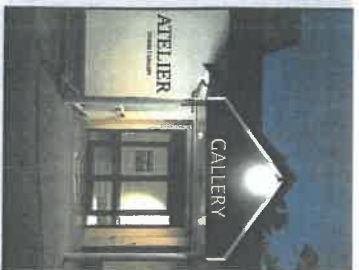

From Parker Gallery head east through carpark and cut through the laneway to Trafalgar Street. Turn left and cross at the Halifax Street lights. **15 | Nelson City Framers** is roughly 90 metres from this intersection on your right. Continue to the intersection of Halifax and Collingwood Streets. Turn right and follow Collingwood Street to the intersection with Bridge Street. Turn right to **16 | Little Beehive** then cross the street to **17 | Wall to Wall**. From here walk east along Bridge Street to our final walking destinations **18 | The Suter Art Gallery** and **19 | Nelson Suter Art Society**.

The final five are either a car or bike ride away. Begin at the Nelson i-Site and head north down Trafalgar Street towards the sea. Turn right into Wainui Street [which becomes Weka Street] to find **20 | Vicki Charles**. Continue on until the end of Weka Street and turn left onto Atawhai Drive. Follow until you see the windmill at Founders Heritage Park. Inside the park is **21 | Atkins Gallery** as well as many exhibits showcasing Nelson's history and a cafe & bar.

Retrace your steps to the iSite. Travel west along Halifax Street and turn left at the roundabout and head up St Vincent Street, turning right at the roundabout into Washington Road to find **22 | Cathy Jones** on Tuesdays or by appointment.

Travel back down Washington Road and straight through the roundabout onto Gloucester Street. Turn right at the next roundabout onto Vanguard Street. About 1km along turn left into Motueka Street to find **23 | Stephen Robertson**.

Continue along Motueka Street and turn right at the lights onto Waimea Road. Follow Waimea Road over the hill and straight through the next roundabout onto Whakatū Drive. You will have to navigate through three large roundabouts veering right on each, following the signs that will take you to the **24 | Nelson Classic Car Museum** where you will find craftsmanship and art on four wheels.
